Heating and Cooling Products

PS80, PS92, PS95 GAS FURNACES

PS95

PS80

More For Your Money

These Tempstar® gas furnaces come with the latest engineering and design features to give you high quality—without the premium price tag. You can tell from the quiet operation that each unit is solidly built. At the heart of the furnace, the heat exchangers are constructed weld-free to prevent cracking problems and shaped to generate maximum heat. The updated technology helps improve efficiency and savings on fuel bills.

Built-In Advantages

- Energy ratings up to 95% AFUE* may provide a significant increase in efficiency over older furnaces
- The RPJ® (Rigid Press Joint) heat exchanger helps overcome problems such as cracking and leaking; the clamshell form provides better air movement, and the baffled design optimizes heat transfer
- Direct hot surface ignition system features an advanced silicon nitride igniter for greater reliability
- Installation flexibility:
Compact multi-position cabinet

*AFUE stands for Annual Fuel Utilization Efficiency.

Tempstar® Gas Furnaces. Strong On Quality, Efficiency And Value.

PS95

- 95% AFUE
- Advanced RPJ® (Rigid Press Joint) aluminized steel primary and stainless steel secondary heat exchangers capture additional heat generated by your furnace
- Induced draft combustion blower for efficient performance
- Multispeed PSC circulation blower for durability and reliability
- 35" height adds installation flexibility
- 1-pipe or direct vent (2-pipe)
- California low NOx models available for most applications
- 20 year heat exchanger limited warranty
- 10 year parts limited warranty upon timely registration

PS92

- 92% AFUE
- Advanced RPJ® (Rigid Press Joint) aluminized steel primary and stainless steel secondary heat exchangers capture additional heat generated by your furnace
- Induced draft combustion blower for efficient performance
- Multispeed PSC circulation blower for durability and reliability
- 35" height adds installation flexibility
- 1-pipe or direct vent (2-pipe)
- California low NOx models available for most applications
- 20 year heat exchanger limited warranty
- 10 year parts limited warranty upon timely registration

PS80

- 80% AFUE
- Advanced RPJ® (Rigid Press Joint) aluminized steel heat exchanger optimizes heat transfer
- Induced draft combustion blower for efficient performance
- Multispeed PSC circulation blower for durability and reliability
- 33 1/3" height adds installation flexibility
- California low NOx models available for most applications
- 20 year heat exchanger limited warranty
- 10 year parts limited warranty upon timely registration

Exceptional Furnaces, Exceptional Warranties

Tempstar units are backed by exceptional warranties. Upon timely registration, you get a 10 year parts limited warranty* and a 20 year limited warranty on the heat exchanger.

*Timely registration required for 10 year limited parts warranty. Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty periods. Please see warranty certificate for further details and restrictions.

PS95

PS80

Complete Line, Complete Comfort

A completely integrated system of Tempstar heating and cooling products can maximize comfort and efficiency.

- a. Humidifier enhances comfort by reducing dryness in the air.
- b. Air Cleaner filters out many indoor air pollutants so the air in your home is cleaner.
- c. Set-Back Thermostat allows you to customize heating and cooling levels and also save energy.
- d. Furnace is designed for maximum comfort and efficiency, and built rugged for years of operation.
- e. Air Conditioner keeps your home cool and comfortable while saving on energy.
- f. Evaporator/Indoor Coil matches your Tempstar air conditioner and furnace to ensure great performance.
- g. UV Lights help prevent the growth of microbes on the coils. (Not available on all models.)

*Many models are ENERGY STAR® qualified. Ask your contractor for details or visit www.energystar.gov.

*AFUE stands for Annual Fuel Utilization Efficiency. Higher number = Greater efficiency.

*Timely registration required for 10 year limited parts warranty and lifetime limited heat exchanger warranty. Limited warranty period is 5 years for parts and 20 years for heat exchanger if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty periods. Please see warranty certificate for further details and restrictions.

All systems tested and listed by the appropriate agencies.
